

Malinda Portwig

Director, Finance, Asia

As the Director of Finance for Asia, Malinda is responsible for all financial matters in the region for DXC Technology, including driving growth and profitability, contributing to business strategy and operations, financial reporting and managing financial risks.

Malinda joined DXC in June 2018 from Symantec where she held the position of Senior Director Finance, Asia Pacific & Japan. Prior to this, Malinda was with Microsoft where she held several key finance leadership roles in the Mobile Device group and as Singapore Finance Director. Malinda has worked in multiple countries in the Asia Pacific region since 1996, including Indonesia, Singapore and Japan, covering startups, mergers, divestures, acquisitions, expansions etc.

A native of South Africa, Malinda has a degree in Accounting from the University of Stellenbosch. When not at work, Malinda enjoys travelling, especially camping, boating, cycling and has an aspiration of exploring a new country every year.
