

Prem Ramachandran

Director, Regional Account Delivery, Asia

As the Director for Regional Account Delivery in Asia, Prem has overall responsibility for service delivery in the region, focusing on driving delivery growth and overseeing revenue and profit for the delivery team. This role will also see him engage closely with our clients on their digital transformation journeys in areas such as Applications, Infrastructure, Cloud, Cyber Security and Analytics.

Prior to this, he was the Applications Services Leader for Offering Delivery and Transformation Organization at DXC Technology India, where he was responsible for global delivery for all application services. From 2012 to 2017, he led Application Development and Management and SAP Service Line for Apps Global Delivery India at HPE Enterprise Services, which merged with CSC in 2017 to form DXC Technology. Before joining HPE, he held various leadership positions at Wipro, including General Manager and Delivery Head for their entire healthcare portfolio.

Prem is a highly focused outsourcing leader with more than 25 years of extensive experience in a wide variety of domains including Healthcare, Insurance, Financial Services, Airlines, Retail, Corporate and back-office applications and outsourcing for top-tier Fortune 500 firms. His strength lies in delivering large and complex application maintenance deals and helping transform them from legacy-based time and material models to managed-services models.

He holds a Master's Degree in Computer Management from Pune University as well as a Diploma in Software Engineering from Harvard University of Distance Education. Prem is currently based in Singapore.
