**2017**
Asia Pacific JD Edwards
Partner of the Year

If you want your people and business functions to work as one, you need a 360° enterprise management solution that works as one, too. The JD Edwards suite does just that, enabling seamless collaboration and integration that drives efficiencies, cost savings, performance improvements and innovation across the board. Question is, how can you harness its full potential?

That's where Red Rock comes in. As a global JD Edwards Centre of Excellence, we'll give you a game-changing advantage.

With full service capabilities ranging from planning and design to implementation, management and support, we'll develop a tailor-made JD Edwards solution for you. More than that, we'll fast track it, minimising TCO and maximising ROI, today and into the future.

▶ Most renown JDE partner in the Asia Pacific

**Over 300 JDE specialists, one all-encompassing solution**

With consultants across the Asia Pacific and expertise spanning Oracle®'s technology stack and the entire JD Edwards service continuum, we're the region's premier JD Edwards consultancy.

That means we can design, implement, manage and optimise every facet of your JD Edwards environment: complete on-premise, hybrid or Cloud solutions; JD Edwards as a Service; bite-sized accelerator packages - whatever you need.

All tailored to suit your organisation's strategic and operational requirements by consultants who are on the ground in your country. All built for your industry using our knowledge of your local market and sector, with an added layer of value courtesy of the premium resources our elite Oracle Partner status offers.

**Evolving with your business**

Just as our expertise and suite of services continually evolve to embrace new Oracle technologies, so our solutions evolve to give clients – multinationals, start-ups and government agencies alike – the capabilities and confidence to grow and adapt in our fast-moving digital era.

Whether we're helping local businesses respond to local market conditions, or enabling a global organisation to deploy in the Asia Pacific, our multi-lingual team has the technical capabilities and legislative knowledge to build and manage an Oracle JD Edwards solution that grows with you.

## Services and solutions you can count on

**Proven.**
Over 300 clients across the region with Red Rock and Oracle solutions.

**Efficient.**
Minimising risk, costs and timeframes – your KPIs are our KPIs.

**Tailored.**
A team and solution designed to meet your specific requirements.

**Responsive.**
On-site specialists with local market knowledge, ready to respond.

**Collaborative.**
Working with your in-house team, sharing knowledge every step of the way.

**Flexible.**
Methodologies that evolve with your business and market.

**Reliable.**
24/7 monitoring and support, from supplementary services to full outsourcing.

**Accountable.**
Transparent reporting and measurable results and business value.

"The collaboration and communication between teams was exemplary. Milestones were met and executed excellently, all the way through to local JDE support post implementation. It was a pleasure to see how much the team applied and lived by our Froneri Group model; well beyond JD Edwards."

**SASCHA DYLLA,**
**GROUP IT APPLICATION MANAGER, FRONERI**
