

A fully managed hybrid cloud for healthcare

DXC Concerto™ Healthcare Cloud

Modernize your applications and realize measurable business benefits — without compromising security, privacy or service.

Benefits

- Fully integrate applications including EHR, ERP and ECM
- Streamline technology infrastructure
- Prepare your healthcare organization for growth

Get a hybrid cloud solution developed for the unique requirements of today's healthcare industry. Our experts design, deploy and fully manage a solution that integrates all applications — on-premises, private and public clouds — seamlessly and with little or no disruption to your business.

The DXC Concerto™ Healthcare Cloud delivers the industry's highest level of security and data privacy, allowing you to exceed your security, compliance and service requirements. Benefit from built-in HIPAA platform compliance that protects the application down through the physical layer.

Integrate, modernize and transform your experience with the Concerto Healthcare Cloud.

- **Integrated:** Achieve full integration of your applications, including electronic health records (EHR), enterprise resource planning (ERP) and enterprise content management (ECM) to resolve inefficiencies from disparate systems.
- **Hybrid:** Get seamless deployments with connectors between the DXC Concerto™ Private Cloud, Microsoft Azure and on-premises applications. We help you design the best hybrid strategy for your needs.
- **Reliable:** Obtain a fully managed cloud experience with 24/7 support and a standard SLA guaranteeing 99.99 percent uptime.

- **Compliant:** Built-in HIPAA platform compliance protects the application down through the physical layer.
- **Secure:** Get advanced protection from distributed denial-of-service (DDoS) attacks; single sign-on and multifactor authentication; strict adherence to IT Infrastructure Library (ITIL) protocols; and automatic, fully redundant failover to ensure operational continuity.
- **Strategic:** Our experts provide an objective assessment of your current technology infrastructure and an actionable strategy to implement a compliant, secure and well-managed cloud.

Why DXC Concerto?

DXC Concerto, the mid-market cloud offering within DXC Technology, specializes in providing a best-in-class multi-cloud platform that helps organizations accelerate digital transformation and realize their full potential. We make cloud adoption easy with unrivaled uptime and accelerated delivery, worldwide. Our strategic partnerships include Microsoft, NetApp, Cisco and Amazon Web Services (AWS). Delivering application expertise, innovation and service excellence in every engagement, we serve as trusted advisors to clients and application partners seeking to better manage risk and reduce operational challenges.
